CONTAINER QUESTIONNAIRE

We have several combinations of Trucks & Trailers to deliver containers with. By answering the following questions we will know which combination is best to serve you. (Please circle one)

1. Has it rained in your area during the last 3 days? (Is the ground soft?)

Yes No

2. Do you have a cleared level spot to set the container?

Yes No

3. I need a minimum of 110 feet from where I set the back of a 40 foot container to get out from under it. I need a minimum of 70 feet from where I set the back of a 20 foot container to get out from under it.

Do you have the minimum? Yes No

4. Are there any low electrical or cable lines? Yes No

5. Are there any low tree branches that I need to go around or under? (Under 13 feet)? Yes No

6. Which way do I load the doors? (Choose one)

So they face the back of my cab and slide of the trailer last? (This is the case 90% of the time)

Yes No

Or, so they come off the trailer first? (This is the case 10% of the time) Yes No

7. Residential or Commercial property? (Choose one)

Please advise the driver when he arrives to deliver of anything he might run over. Example: well, septic system, water/gas lines etc.
